No. 2 - 74

TITLE/SIGNIFICANCE:

Possible signature for a mobile version of the SS-X-16 deployment.

COMMENT:

Two similar areas of revetment construction were seen at the Plesetsk Missile Test Center in July, 74. These two areas maybe the first signatures of a deployed ICBM mobile missile system (SS-X-16). The area where these revetments were constructed maybe a crew training area for SS-X-16 missile crews. The large drive-through revetments are approx. 270 and 300 feet long respectively. The seven drive-in revetments around each large revetment are
